Engr. REIS ESTROCIO

Technical Research Manager
Cyanclay Incorporated
Unit 9E, Icon Plaza, 26th St., Cor. 6th Ave.,
Bonifacio Global City, Taguig
reis.estrocio@cyanclay.com

Dear Engr. Estrocio:

SUBJECT: Request for Evaluation and Approval of Products under Item 206 – Polymer Stabilized Subbase/Base/Surface Course and Item 715 – Geotextile

This has reference to your email dated May 6, 2025, regarding the aforementioned subject.

Please be informed that while the previous test results submitted for CCI Soil Stabilizer already met the requirements stipulated in Department Order No. 54, Series of 2023, the submitted test results for CCI Non-Woven Geotextile indicate properties with test methods that do not conform to the requirements stipulated in Item 715.

Nonetheless, materials that comply with the requirements outlined in DPWH Standard Specifications may be utilized in DPWH Infrastructure projects.

For your information and reference.

Very truly yours,

JULIANA D. VERGARA

Director IV
Bureau of Research and Standards

14.1.2 MLL/GAM

San Agustin, Jan Karol C.

Respected Director Vergara,

Good day.

In reference to your letter dated April 10, 2025, we respectfully submit the following documents for the evaluation of our materials under DPWH Items 206 and 715:

1. CCI Soil Stabilizer (Item 206 – Polymer Soil Stabilization):

- Material Safety Data Sheet (MSDS)
- Manufacturer's Mill Certificate

2. CCI Non-Woven Geotextile (Item 715 – Geotextiles):

- Technical Data Sheet
- Manufacturer's Mill Certificate
- Independent Laboratory Test Report to validate technical performance

We trust that the enclosed documents will support the Bureau's evaluation process. Should further clarification or additional data be required, we are more than willing to assist.

Thank you for your continued support.

Best regards,
